

# Additional Parent Insights.

It's easy to display additional school data (Insights) to parents in their MarvellousMe app, such as their child's Attendance, House Points and Conduct points.

To do this, you need to upload a basic **.csv data file**, in the 'Bulk Data' section of the MarvellousMe School Admin system.

- Parents
- Bulk Data
- Data Export
- Help and Resources
- Log out

### 4. Data File Upload (Optional)

Please upload your data file to show additional statistics in your parents' MarvellousMe app, e.g. Attendance, Conduct Points, or House Points.

No file chosen

### Data File Format

FORENAME	SURNAME	UNIQUEID	DATA 1	DATA 2	DATA 3
Henry	Smith	12359	98%	50	3

The file must be completed correctly, as shown below, and in .csv format. You can add 3 data types and the date of the last upload will be displayed. **Please add a calendar reminder to update the data regularly.**

**The data labels you add in columns D, E and F become the labels shown the parent app, so please type them carefully each time.**

	A	B	C	D	E	F
1	Forename	Surname	UniqueID	Attendance	Conduct Points	House Points
2	Marv	Me	ABZ123456789	97%	708	499
3	Adrian	Jones	ABZ123456790	96%	707	498
4	Mikki	Smith	ABZ123456791	95%	706	497
5	Milli	Shepherd	ABZ123456792	94%	705	496
6	Billy	Bob	ABZ123456793	93%	704	495
7	Molly	Crow	ABZ123456794	92%	703	494
8	Landen	Rogers	ABZ123456795	91%	702	493
9	Ava	Thomas	ABZ123456796	90%	701	492

Once this data is uploaded, MarvellousMe matches it to the children already set up in the system, and adds the 'Insights' icon to the parent's app. By tapping this icon, parents will see the data **just** for their child.
