

'Messages are more effective if they are personalised, linked to learning and promote positive interactions.'

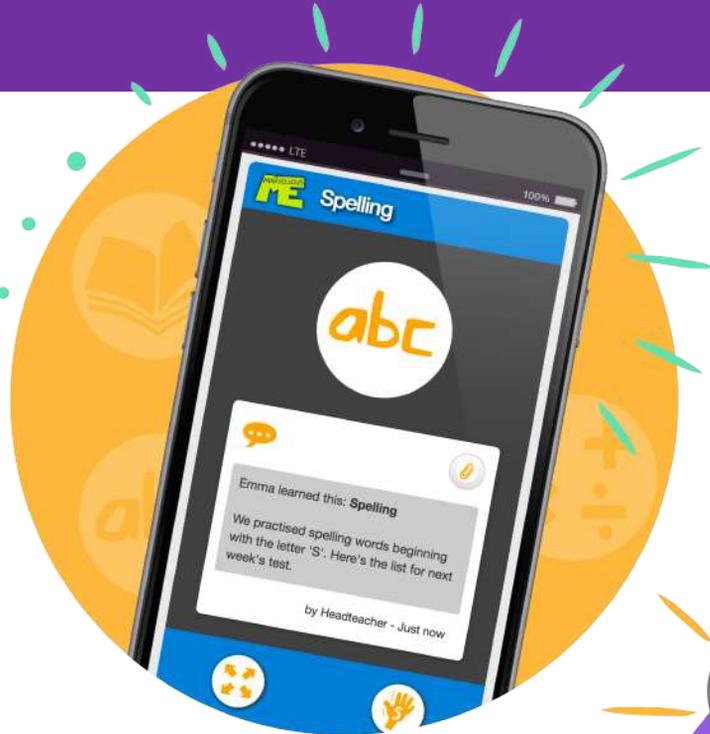

Education Endowment Foundation

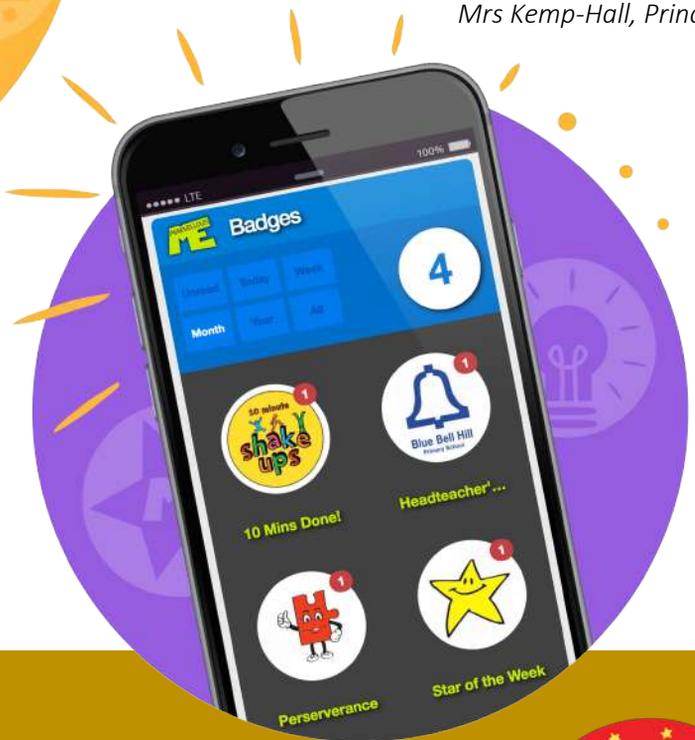

'MarvellousMe is a fantastic, school-wide solution that enables us to share positive feedback with our parents, so they can be fully engaged in their children's learning.'

Mrs Kemp-Hall, Principal

'We love MarvellousMe! I've never had an initiative go so down so well with parents, children and staff! It's wonderful because the children are actively getting their parents involved. It's been so popular with parents who are separated and dads say how included they feel.'

Kate Chisholm, Headteacher

Loving this app! My children love receiving badges from school and we love reading about them and being able to share them with grandparents. Really encourages the children, they appreciate the praise and recognition for their hard work. Being able to print a booklet of all the awards is fantastic! My two were so excited about this and loved looking at their achievements.

Powering up your parent engagement

Complementing websites, apps, newsletters and social media, which are managed by the office and provide general school updates, **MarvellousMe** builds a positive teacher-to-parent partnership. After, all, that is what 'parent engagement' is all about.

Beautifully simple for teachers. Built for plenaries

MarvellousMe is special as it encourages teachers to involve parents in their children's learning and praise, as well as giving leaders insight and tools to ensure it's consistent and sustained in every class. The average parent engagement score is 9/10.

MarvellousMe makes it easy to engage parents in their children's progress.

Send news to individuals, groups, cohorts or whole school. On computer, tablet and big screen.

There's no setup and parents can't message back, so there's no extra work.

Parents send Hi5s, thanking teachers and recognising their child's success.

Post activities about children's learning. Set homework.

Award badges and share them with parents.

Send messages, reminders and deadlines.
